

## **Arianne Expands Its Senior Management Team and Makes Board Addition**

**DAN: TSX-V (Canada)**

**JE9N: FSE (Germany)**

**DRRSF: OTC (USA)**

SAGUENAY, QC, May 5, 2021 /CNW Telbec/ – **Arianne Phosphate (the “Company” or “Arianne”)** (TSXV: DAN) (OTC: DRRSF) (FRANKFURT: JE9N), a development-stage phosphate mining company, advancing the Lac à Paul project in Quebec’s Saguenay-Lac-Saint-Jean region, is pleased to announce that Jeffrey Beck will assume the role of Chief Executive Officer as of May 5th, 2021. He will also join the Board of Directors.

Mr. Beck was the founding Managing Partner and Chairman of Ocean Partners Holding Limited, a base and precious metal concentrate trading house, from 2004 through 2020. Mr Beck is a graduate of Queen’s University (Mining) and the University of Tennessee (MBA).

“Jeff brings us 40 years of experience in mining and trading industries”, said Dominique Bouchard, Executive Chairman. “We look forward to his proven deal-making ability and leadership qualities helping to push the Lac à Paul project towards a resolution for all Arianne stakeholders. The timing is crucial given the actual improvement in the agriculture and fertilizer sectors “.

Mr. Brian Ostroff, will become President of the Company and, by using his strong background in finance and business development, continue to manage investor relationships, old and new, as well as equity financing, business initiatives and partnerships.

As well, Arianne today has announced a grant of 550,000 stock options to members of the Board of Directors and senior management. Each Option entitles the holder to purchase one common share of the Company until May 4, 2031 at a price of \$0.50 per share , this being the closing price of the Company’s shares on the trading day preceding the date of the grant. The Options are subject to a vesting period and are also subject to regulatory approval.

### **Qualified Person**

Jean-Sébastien David, P.Geo., Qualified Person by NI 43-101, has approved this release. Mr. David is also the Company’s Chief Operating Officer.

### **About Arianne Phosphate**

Arianne Phosphate (“Arianne Phosphate Inc.”) ([www.arianne-inc.com](http://www.arianne-inc.com)) is developing the Lac à Paul phosphate deposits located approximately 200 km north of the Saguenay/Lac St. Jean area of Quebec, Canada. These deposits will produce a high quality igneous apatite concentrate grading 39% P<sub>2</sub>O<sub>5</sub> with little or no contaminants (Feasibility Study released in 2013). The Company has 173,389,469 shares outstanding.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

**Cautionary Statements Regarding Forward Looking Information**

***This news release contains “forward-looking statements” and “forward-looking information” within the meaning of applicable securities regulations in Canada and the United States (collectively, “forward-looking information”). Forward-looking information includes, but is not limited to, anticipated quality and production of the apatite concentrate at the Lac à Paul project. Often, but not always, forward-looking information can be identified by the use of words such as “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, or “believes”, or the negatives thereof or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might”, or “will” be taken, occur or be achieved. Forward-looking information is subject to be known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information, including but not limited to: volatile stock price; risks related to changes in commodity prices; sources and cost of power facilities; the estimation of initial and sustaining capital requirements; the estimation of labour and operating costs; the general global markets and economic conditions; the risk associated with exploration, development and operations of mineral deposits; the estimation of mineral reserves and resources; the risks associated with uninsurable risks arising during the course of exploration, development and production; risks associated with currency fluctuations; environmental risks; competition faced in securing experienced personnel; access to adequate infrastructure to support mining, processing, development and exploration activities; the risks associated with changes in the mining regulatory regime governing the Company; completion of the environmental assessment process; risks related to regulatory and permitting delays; risks related to potential conflicts of interest; the reliance on key personnel; financing, capitalization and liquidity risks including the risk that the***

***financing necessary to fund continued exploration and development activities at Lac à Paul project may not be available on satisfactory terms, or at all; the risk of potential dilution through the issue of common shares; the risk of litigation. Forward-looking information is based on assumptions management believes to be reasonable at the time such statements are made, including but not limited to, continued exploration activities, no material adverse change in commodity prices, exploration and development plans proceeding in accordance with plans and such plans achieving their stated expected outcomes, receipt of required regulatory approval, and such other assumptions and factors as set out herein. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in the forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such forward-looking information. Accordingly, readers should not place undue reliance on forward-looking information. Forward-looking information is made as of the date of this press release, and the Company does not undertake to update such forward-looking information except in accordance with applicable securities laws.***
