

# **ARIANNE PHOSPHATE ANNOUNCES RESULTS OF ITS ANNUAL GENERAL MEETING**

**DAN: TSX-V (Canada)**

**JE9N: FSE (Germany)**

**DRRSF: OTCQX (USA)**

SAGUENAY, QC, Sept. 29, 2025 /CNW/ – **Arianne Phosphate (the “Company” or “Arianne”)** (TSXV: DAN) (OTCQX: DRRSF) (FRANKFURT: JE9N), a development-stage phosphate mining company, advancing the Lac à Paul project in Quebec’s Saguenay-Lac-Saint-Jean region, announces election results of its 2025 annual general meeting (“AGM”), representing its fiscal year ended December 31, 2024.

All the resolutions that were presented at the AGM were approved by the shareholders. These resolutions include the nomination of the directors and the auditors as well as the renewal of the Company’s stock option plan.

Arianne is pleased to announce that the Company shareholders have elected Messrs. Dominique Bouchard, Jeffrey Beck, James Cowley, Marco Gagnon, Siva Pillay, Steven Pinney, and Claude Lafleur as directors of the Company during the AGM held on September 26, 2025.

Arianne would like to sincerely thank Raef Sully for his valuable contributions and commitment during his time on our Board of Directors, as he did not seek reelection. His insight and dedication have been greatly appreciated, and we are pleased that Raef will continue to share his expertise with Arianne in consulting capacity. We look forward to his continued involvement and guidance as we advance our projects.

## **About Arianne Phosphate:**

Arianne Phosphate (“Arianne Phosphate Inc.”) ([www.arianne-inc.com](http://www.arianne-inc.com)) is developing the Lac à Paul phosphate deposits located approximately 200 km north of the Saguenay/Lac St. Jean area of Quebec, Canada. These deposits will produce a high-quality igneous apatite concentrate grading 39% P<sub>2</sub>O<sub>5</sub> with little or no contaminants (Feasibility Study released in 2013). The Company has 213,714,811 shares outstanding.

## **Qualified Person**

Raphael Gaudreault, eng., Qualified Person by Regulation 43-101, has approved the technical disclosure in this release. Mr. Gaudreault is also the Company’s Chief Operating Officer.

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*

### **Cautionary Statements Regarding Forward Looking Information**

***This news release contains “forward-looking statements” and “forward-looking information” within the meaning of applicable securities regulations in Canada and the United States (collectively, “forward-looking information”). Forward-looking information includes, but is not limited to, anticipated quality and production of the apatite concentrate at the Lac à Paul project. Often, but not always, forward-looking information can be identified by the use of words such as “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, or “believes”, or the negatives thereof or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might”, or “will” be taken, occur or be achieved. Forward-looking information is subject to be known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking information, including but not limited to: volatile stock price; risks related to changes in commodity prices; sources and cost of power facilities; the estimation of initial and sustaining capital requirements; the estimation of labor and operating costs; the general global markets and economic conditions; the risk associated with exploration, development and operations of mineral deposits; the estimation of mineral reserves and resources; the risks associated with uninsurable risks arising during the course of exploration, development and production; risks associated with currency fluctuations; environmental risks; competition faced in securing experienced personnel; access to adequate infrastructure to support mining, processing, development and exploration activities; the risks associated with changes in the mining regulatory regime governing the Company; completion of the environmental assessment process; risks related to regulatory and permitting delays; risks related to potential conflicts of interest; the reliance on key personnel; financing, capitalization and liquidity risks including the risk that the financing necessary to fund continued exploration and development activities at Lac à Paul project may not be available on satisfactory terms, or at all; the risk of potential dilution through the issue of common shares; the risk of litigation. Forward-looking information is based on assumptions management believes to be reasonable at the time such statements are made, including but not limited to, continued exploration activities, no material adverse change in commodity prices,***

***exploration and development plans proceeding in accordance with plans and such plans achieving their stated expected outcomes, receipt of required regulatory approval, and such other assumptions and factors as set out herein. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in the forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such forward-looking information. Accordingly, readers should not place undue reliance on forward-looking information. Forward-looking information is made as of the date of this press release, and the Company does not undertake to update such forward-looking information except in accordance with applicable securities laws.***
