## Aytu BioScience Announces Record Fiscal Q2 2021 Net Revenue of \$15.1 Million, an Increase of 377% Year-Over-Year

Announced definitive merger agreement with Neos Therapeutics, creating a combined \$100 million revenue specialty pharmaceutical company

Q2 Consumer Health division revenue reaches an all-time high of \$7.9 million

Q2 Rx division revenue up 24% sequentially

Ended the quarter with \$62.3 million in cash, cash equivalents and restricted cash

Live conference call and webcast today at 4:30 PM EST

**ENGLEWOOD, CO / February 11, 2021** / Aytu BioScience, Inc. (NASDAQ:AYTU) (the "Company"), a specialty pharmaceutical company focused on commercializing novel products that address significant patient needs today reported financial results for its fiscal second quarter 2021, for the three-month period ending December 31, 2020.

### **Second Quarter Fiscal 2021 Financial Highlights**

- Q2 Net Revenue was an all-time high of \$15.1 million, compared to \$13.5 million in Q1 2021.
- Q2 Consumer Health division Net Revenue was an all-time high of \$7.9 million, compared to \$7.8 million in Q1 2021.
- Q2 Rx division Net Revenue was \$7.2 million, compared to \$5.8 million in Q1 2021.
- Q2 2021 Net Loss of \$9.5 million and adjusted EBITDA loss of \$1.8 million.
- Cash, cash equivalents and restricted cash totaled \$62.3 million on December 31, 2020.

### **Definitive Merger Agreement**

 On December 10, 2020, Aytu BioScience and Neos Therapeutics announced a definitive merger agreement, creating a combined \$100 million revenue specialty pharmaceutical company.

Commenting on the second quarter of fiscal 2021, Josh Disbrow, Chief Executive Officer of Aytu BioScience, stated "Net revenue increased substantially in Q2 2021, to \$15.1 million, compared to \$3.2 million for Q2 2020. It is important to point out that this was only the third full quarter of revenue contribution from the combined Aytu and Innovus businesses, along with the acquired Cerecor pediatric assets. Turning to the bottom line, adjusted EBITDA loss was reduced to just \$1.8 million for Q2 2021. On the balance sheet, we are in a strong position with approximately \$62 million in cash. We are well positioned from an operational and financial standpoint as we move closer to our expected closing of the Neos merger by

the second calendar quarter."

Mr. Disbrow continued, "Taking a closer look at the top line, on the Rx side, net revenue was \$7.2 million, a 24% increase compared to last quarter, Q1 2021. Rx revenue growth was driven by growth of Poly-Vi-Flor®, our pediatric multivitamin and fluoride supplement product line, with revenue contribution across the prescription portfolio inclusive of Natesto®, Karbinal® ER, and COVID-19 test kits. For the Consumer Health division, we generated \$7.9 million in net revenue, an all-time high and an increase compared to last quarter. Contributing to those results was a strengthened e-commerce business driven by OmepraCare®, our over-the-counter proton pump inhibitor for acid reflux, Regoxidine®, our over-the-counter foam formulation of minoxidil for hair loss, and FlutiCare®, our over-the-counter fluticasone propionate nasal spray indicated to treat nasal and allergy-related symptoms. Additionally, we announced the completion of the first clinical study evaluating the Healight™ ultraviolet A light catheter technology. This is an important milestone, and we look forward to continuing discussions with the FDA on the advancement of the Healight technology and reporting the results of the clinical study upon the upcoming publication."

"During the quarter we also announced the definitive merger agreement with Neos Therapeutics, creating a combined \$100 million revenue specialty pharmaceutical company. The merger accelerates the company's transformation, and, upon closing, we expect to begin realizing estimated annualized cost synergies of \$15 million in FY 2022. With this transaction we will add Neos' established, multi-brand ADHD portfolio, enhancing our footprint in pediatrics and expanding Aytu's presence in adjacent specialty care segments. Furthermore, the transaction creates the opportunity to leverage and further enhance Neos RxConnect, a best-in-class patient support program, for our product portfolio of best-in-class prescription therapeutics and consumer health products. We reiterate our expectation for the merger to close by the second calendar quarter of 2021."

Mr. Disbrow concluded, "With record financial results and a transformational merger agreement executed and moving toward completion, we have created substantial scale and momentum to drive shareholder value."

#### **Conference Call Information**

The company will host a live conference call at 4:30 p.m. ET today. The conference call can be accessed by dialing either:

877-407-9124 (toll-free) 201-689-8584 (international)

The webcast will be accessible live and archived at the following link https://www.webcaster4.com/Webcast/Page/2142/39877 and on Aytu BioScience's website, within the Investors section under Events & Presentations, at **aytubio.com**, for 90 days.

A replay of the call will be available for fourteen days. Access the replay by calling 1-877-481-4010 (toll-free) or 919-882-2331 (international) and using the replay access code 39877.

### **Forward-Looking Statement**

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, or the Exchange Act. All statements other than statements of historical facts contained in this press release, are forward-looking statements. Forward-looking statements are generally written in the future tense and/or are preceded by words such as 'may,' 'will,' 'should,' 'forecast,' 'could,' 'expect,' 'suggest,' 'believe,' 'estimate,' 'continue,' 'anticipate,' 'intend,' 'plan,' or similar words, or the negatives of such terms or other variations on such terms or comparable terminology. All statements other than statements of historical facts contained in this presentation, are forward-looking statements, including but not limited to any statements regarding the potential merger with Neos Therapeutics and any economic benefits of such potential merger, any cost savings or synergies that may result from any potential merger with Neos Therapeutics, the potential growth of the combined company in the event the potential merger with Neos Therapeutics is approved, the ability of Aytu and Neos Therapeutics to close the potential merger, the results of the Healight clinical studies, the outcomes of discussions relating to Healight with regulators including the Food & Drug Administration (FDA), the commercial potential of Healight, and other forward-looking aspects related to the Healight program. These statements are just predictions and are subject to risks and uncertainties that could cause the actual events or results to differ materially. These risks and uncertainties include, among others: our future financial results, the results of the Healight clinical program and outcomes of regulatory discussions, , failure to obtain the required votes of Neos' shareholders or Aytu's shareholders to approve the recently announced Neos merger transaction and related matters, the risk that a condition to closing of the proposed transaction may not be satisfied, that either party may terminate the merger agreement or that the closing of the proposed transaction might be delayed or not occur at all, potential adverse reactions or changes to business or employee relationships, including those resulting from the announcement or completion of the transaction, the diversion of management time on transaction-related issues, the ultimate timing, outcome and results of integrating the operations of Aytu and Neos, the effects of the business combination of Aytu and Neos, including the combined company's future financial condition, results of operations, strategy and plans, the ability of the combined company to realize anticipated synergies in the timeframe expected or at all, changes in capital markets and the ability of the combined company to finance operations in the manner expected, regulatory approval of the transaction, risks relating to gaining market acceptance of our products, obtaining reimbursement by third-party payors, the potential future commercialization of the combined company's product candidates, the anticipated start dates, durations and completion dates, as well as the potential future results, of the combined company's ongoing

and future clinical trials, the anticipated designs of the combined company's future clinical trials, anticipated future regulatory submissions and events, the combined company's anticipated future cash position and future events under current and potential future collaboration, the regulatory and commercial risks associated with introducing the Company's distributed COVID-19 rapid tests, the accuracy of the COVID-19 rapid tests as compared to other COVID-19 tests, market acceptance of the tests, the ability to obtain FDA approval or authorization for the tests, our ability to obtain sufficient tests to meet consumer demand, if any, the manufacturers' ability to scale up manufacturing to meet customer demand, if any, reputation risks if the tests are not as effective as anticipated, and that the current regulatory environment continues to permit the sale of the tests.
