

## **Aytu BioScience Corporate Presentation is Now Available for On-Demand Viewing**

***Company invites individual and institutional investors as well as advisors to log-on to [VirtualInvestorConferences.com](https://VirtualInvestorConferences.com) to view presentation***

ENGLEWOOD, Colo., Oct. 9, 2017 — **Aytu BioScience** (OTCQX: AYTU), a specialty life sciences company focused on global commercialization of novel products in the field of urology, today announced that the October 5 presentation from Josh Disbrow, Chief Executive Officer, is now available for on-demand viewing at [VirtualInvestorConferences.com](https://VirtualInvestorConferences.com).

**LINK: <https://tinyurl.com/1005postpr>**

Aytu BioScience's presentation will be available 24/7 for 90 days. Investors and advisors may download shareholder materials from the "virtual trade booth" for the next three weeks.

### **Recent Company Highlights**

- During August 2017 Aytu BioScience announced an \$11.8 million private placement to expand commercialization of the company's lead product Natesto®.
- During July 2017 Aytu BioScience announced the expansion of the MiOXSYS® male infertility system distribution network with a fertility-focused company in over 20 countries in Europe
- During May 2017 Aytu BioScience announced the acquisition of Nuelle, Inc., developer and marketer of Fiera® Female Personal Care Device.

### **About Aytu BioScience, Inc.**

Aytu BioScience is a commercial-stage specialty life sciences company focused on global commercialization of novel products in the field of urology, with a focus on products addressing vitality, sexual wellness, and reproductive health. The Company currently markets two prescription products in the U.S.: Natesto®, the first and only FDA-approved nasal formulation of testosterone for men with hypogonadism (low testosterone, or "Low T") and

ProstaScint® (capromab pendetide), the only FDA-approved imaging agent specific to prostate specific membrane antigen (PSMA) for prostate cancer detection and staging. Additionally, Aytu is developing MiOXSYS®, a novel, rapid semen analysis system with the potential to become a standard of care for the diagnosis and management of male infertility caused by oxidative stress. MiOXSYS® is commercialized outside the U.S. where it is a CE Marked, Health Canada cleared product, and Aytu is planning U.S.-based clinical trials in pursuit of 510k medical device clearance by the FDA. Aytu's strategy is to continue building its portfolio of revenue-generating products, leveraging its focused commercial team and expertise to build leading brands within growing markets. For more information visit [aytubio.com](http://aytubio.com). Aytu also has a wholly-owned subsidiary Aytu Women's Health (formerly Nuelle, Inc.), a personal health and wellness company focused on women's sexual wellbeing and intimacy. Aytu Women's Health markets Fiera, a personal care device for women that is scientifically proven to enhance physical arousal and sexual desire. Fiera is a consumer device and is not intended to treat, mitigate, or cure any disease or medical condition.

### **About VirtualInvestorConferences.com**

Since 2010, VirtualInvestorConferences.com, created by BetterInvesting (NAIC) and PRNewswire, has been the only monthly virtual investor conference series that provides an interactive forum for presenting companies to meet directly with investors using a graphically-enhanced online platform.

Designed to replicate the look and feel of location-based investor conferences, Virtual Investor Conferences unites PR Newswire's leading-edge online conferencing and investor communications capabilities with BetterInvesting's extensive retail investor audience network.
