

Aytu BioScience to Present at LD Micro 12th Annual Main Event Investor Conference on December 11, 2019

ENGLEWOOD, CO / December 3, 2019 / Aytu BioScience, Inc. (NASDAQ:AYTU), a specialty pharmaceutical company focused on global commercialization of novel products addressing significant medical needs, today announced that Josh Disbrow, Chairman and Chief Executive Officer, and David Green, Chief Financial Officer, will present at the 12th Annual LD Micro Main Event investor conference at 9:00 am PT on December 11, 2019.

The LD Micro Main Event will take place on December 10-12, 2019 in Los Angeles at the Luxe Sunset Bel Air Hotel. The investor conference will feature 275 companies and be attended by over 1,400 individuals.

Management will be available for one-on-one meetings. For more information about the conference or to schedule a one-on-one meeting with management, please contact aytu@haydenir.com.

About Aytu BioScience, Inc.

Aytu BioScience is a commercial-stage specialty pharmaceutical company focused on commercializing novel products that address significant patient needs. The company currently markets Natesto[®], the only FDA-approved nasal formulation of testosterone for men with hypogonadism (low testosterone, or “Low T”). Aytu also has exclusive U.S. and Canadian rights to ZolpiMist[™], an FDA-approved, commercial-stage prescription sleep aid indicated for the short-term treatment of insomnia characterized by difficulties with sleep initiation. Aytu is the exclusive U.S. licensee with commercial rights to Tuzistra[®] XR, the only FDA-approved 12-hour codeine-based antitussive syrup. Tuzistra XR is a prescription antitussive consisting of codeine polistirex and chlorpheniramine polistirex in an extended-release oral suspension.

Additionally, Aytu is developing MiOXSYS[®], a novel, rapid semen analysis system with the potential to become a standard of care for the diagnosis and management of male infertility caused by oxidative stress. MiOXSYS is commercialized outside of the U.S. where it is a CE Marked, Health Canada cleared, Australian TGA approved, Mexican COFEPRAS approved product, and Aytu is planning U.S.-based clinical trials in pursuit of 510k de novo medical device clearance by the FDA. Aytu’s strategy is to continue building its portfolio of revenue-generating products, leveraging its focused commercial team and expertise to build leading brands within large therapeutic markets. About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space.

What started out as a newsletter highlighting unique companies has transformed into several influential events annually (Invitational, Summit, and Main Event).

In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and micro-cap universe.

For those interested in attending, please contact David Scher at david@ldmicro.com or visit www.ldmicro.com for more information.
