Forward-Looking Statements

Certain statements in this press release may constitute “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, statements relating to the Company’s revenue guidance, business and marketing strategy, revenue growth, sales force productivity, growth strategy, liquidity and cash flow, potential to expand the label of Ameluz®, available market opportunities for Ameluz®, ongoing clinical trials, educational outreach efforts, and other statements that are not historical facts. The words “intends,” “may,” “will,” “plans,” “expects,” “anticipates,” “projects,” “predicts,” “estimates,” “aims,” “believes,” “hopes,” “potential”, “target”, “goal”, “assume”, “would”, “could” or similar words are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. We have based these forward-looking statements on our current expectations and projections about future events; nevertheless, actual results or events could differ materially from the plans, intentions and expectations disclosed in, or implied by, the forward-looking statements we make. These risks and uncertainties, many of which are beyond our control, include, but are not limited to, our reliance on sales of products we license from other companies as our sole source of revenue; the success of our competitors in developing generic topical dermatological products that successfully compete with our licensed products; the success of our principal licensed product, Ameluz®; the ability of the Company’s licensors to establish and maintain relationships with contract manufacturers that are able to supply the Company with enough of the licensed products to meet our demand; the ability of our licensors or their manufacturing partners to supply the licensed products that we market in sufficient quantities and at acceptable quality and cost levels, and to fully comply with current good manufacturing practice or other applicable manufacturing regulations; the ability of our licensors to successfully defend or enforce patents related to our licensed products; the availability of insurance coverage and medical expense reimbursement for our licensed products; the impact of legislative and regulatory changes; competition from other pharmaceutical and medical device companies and existing treatments, such as simple curettage and cryotherapy; the Company’s ability to achieve and sustain profitability; the Company’s ability to obtain additional financing as needed to implement its growth strategy; the Company’s ability to retain and hire key personnel; and other factors that may be disclosed in the Company’s filings with the Securities and Exchange Commission (“SEC”), which can be obtained on the SEC website at www.sec.gov. Readers are cautioned not to place undue reliance on the forward-looking statements, which speak only as of the date on which they are made and reflect management’s current estimates, projections, expectations and beliefs. The Company does not undertake to update any such forward-looking statements and expressly disclaims any duty to update the information contained in this press release, except as required by law.
