

Hydreight Named One of Canada's Companies-to-Watch in Deloitte's Technology Fast 50™ Program

VANCOUVER, British Columbia and LAS VEGAS, Nov. 08, 2023 — Hydreight Technologies Inc. ("**Hydreight**" or the "**Company**") (TSXV: NURS)(OTCQB: HYDTF)(FSE: SO6), a fast-growing mobile clinical network and medical platform which enables flexible at-home medical services across 50 states in the United States, is pleased to announce that it received a **Companies-to-Watch award** as part of the 2023 Deloitte Technology Fast 50™ program. Celebrating its 26th anniversary, the award recognizes emerging companies based on their revenue growth percentage.

Shane Madden, CEO of Hydreight commented, *"We are thrilled to receive a Companies-to-Watch award for 2023, from the esteemed Deloitte Technology Fast 50™ program. This award not only highlights the Company's significant organic revenue growth of 250% YoY, but also validates our business operations and key differentiators we have in the market. We are building the largest mobile clinical network across the United States, and are one of the only proprietary, full-integrated platforms that allows nurses to legally provide at home services in over 650 cities across 50 states. We would like to thank Deloitte for their consideration and support of Hydreight and what we are building. This has been an incredible year of growth for Hydreight, and we look forward to continuing that trajectory in 2024 and beyond."*

The Companies-to-watch category is a ranking of Canadian technology companies with the potential to be future Technology Fast 50™ candidates by their revenue growth percentage over their last three years of operation. The winners of this year's companies to watch category must have a minimum revenue of \$50,000 in 2020 and \$2.5 million in 2022.

"Congratulations to this year's Companies-to-Watch winners," commented **Anders McKenzie, partner and national leader for the Technology Fast 50 program at Deloitte Canada**. *"These companies have demonstrated promising growth trajectories and an exemplary ability to seize opportunities even in the face of a challenging economic context. This sets them apart as members of an emerging cohort of tech leaders in Canada. We look forward to keeping an eye on their progress in the months and years to come."*

About the Deloitte Technology Fast 50™ program

The Deloitte Technology Fast 50 program is Canada's pre-eminent technology awards program. Celebrating its 26th anniversary, the program recognizes business growth, innovation, and entrepreneurship in four distinct categories: Technology Fast 50 ranking, Enterprise-Industry leaders, Clean Technology, and Companies-to-Watch. The program also recognizes companies within the North American Technology Fast 500 ranking, identifying

thriving technology companies in the United States and Canada. The 2023 program sponsors include Deloitte, RBCx, Osler, EDC, CCI, TMX, Clarity, and Lafond. For further information, visit www.fast50.ca.

About Hydreight Technologies Inc.

Hydreight Technologies Inc. is building the largest mobile clinic network in the United States. Its proprietary, fully integrated platform hosts a network of over 2500 nurses, over 100 doctors and a pharmacy network across 50 states. The platform includes a built-in, easy-to-use suite of fully integrated tools for accounting, documentation, sales, inventory, booking, and managing patient data, which enables licensed healthcare professionals to provide services directly to patients at home, office or hotel. Hydreight is bridging the gap between provider compliance and patient convenience, empowering nurses, med spa technicians, and other licensed healthcare professionals. The Hydreight platform allows healthcare professionals to deliver services independently, on their own terms, or to add mobile services to existing location-based operations. Hydreight has a 503B pharmacy network servicing all 50 states and is closely affiliated with a U.S. certified e-script and telemedicine provider network that provides services in over 650 cities and growing.

Cautionary Note Regarding Forward-Looking Information

This press release contains statements which constitute “forward-looking information” within the meaning of applicable securities laws, including statements regarding the plans, intentions, beliefs and current expectations of the Company with respect to future business activities and operating performance. Forward-looking information is often identified by the words “may”, “would”, “could”, “should”, “will”, “intend”, “plan”, “anticipate”, “believe”, “estimate”, “expect”, “Approximately” or similar expressions and includes information regarding the launch date of MedicalMedIV.com, and the anticipated effect on bookings and customer retention rates.

Investors are cautioned that forward-looking information is not based on historical facts but instead reflects the Company’s management’s expectations, estimates or predictions concerning future results or events based on the opinions, assumptions and estimates of management considered reasonable at the date the statements are made. Although the

Company believes that the expectations reflected in such forward-looking information are reasonable, such information involves risks and uncertainties, and undue reliance should not be placed on such information, as unknown or unpredictable factors could have material adverse effects on future results, performance or achievements of the Company. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking information are the following: the ability to obtain requisite regulatory and other approvals with respect to the business operated by the Company and/or the potential impact of the listing of the Company's shares on the TSXV on relationships, including with regulatory bodies, employees, suppliers, customers and competitors; changes in general economic, business and political conditions, including changes in the financial markets; changes in applicable laws; compliance with extensive government regulation; and the diversion of management time as a result of being a publicly listed entity. This forward-looking information may be affected by risks and uncertainties in the business of the Company and market conditions.

Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking information prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. Although the Company has attempted to identify important risks, uncertainties and factors which could cause actual results to differ materially, there may be others that cause results not to be as anticipated, estimated or intended. The Company does not intend, and does not assume any obligation, to update this forward-looking information except as otherwise required by applicable law.

Neither TSXV nor its Regulation Services Provider (as that term is defined in policies of the TSXV) accepts responsibility for the adequacy or accuracy of this release.

This press release does not constitute an offer of securities for sale in the United States. The securities being offered have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and such securities may not be offered or sold within the United States absent U.S. registration or an applicable exemption from U.S. registration requirements.
