ImmuCell Announces Submission of CMC Technical Section to the FDA

PORTLAND, Maine, Aug. 29, 2023 — **ImmuCell Corporation (Nasdaq: ICCC)** ("ImmuCell" or the "Company"), a growing animal health company that develops, manufactures and markets scientifically proven and practical products that improve the health and productivity of dairy and beef cattle, announced today that it recently submitted the Chemistry, Manufacturing and Controls (CMC) Technical Section for **Re-Tain**® to the FDA.

On August 10, 2023, the Company issued a disclosure stating that it anticipated making this submission "shortly" after the filing of its Quarterly Report on Form 10-Q. The Company is now confirming that this objective was achieved.

"For the benefit of clarity, we want to inform investors that this important step in the regulatory process was taken on August 18, 2023," commented Michael F. Brigham, President and CEO of ImmuCell. "This kind of submission is subject to a six-month review by the FDA, and we are excited about the opportunity ahead."

About ImmuCell:

ImmuCell Corporation's (**Nasdaq: ICCC**) purpose is to create scientifically proven and practical products that improve the health and productivity of dairy and beef cattle. ImmuCell manufactures and markets **First Defense**®, providing **Immediate Immunity**™ to newborn dairy and beef calves, and is in the late stages of developing **Re-Tain**®, a novel treatment for subclinical mastitis in dairy cows without a milk discard requirement that provides an alternative to traditional antibiotics. Press releases and other information about the Company are available at: http://www.immucell.com.

Cautionary Note Regarding Forward-Looking Statements (Safe Harbor Statement):

This Press Release contains or may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts and will often include words such as "expects", "may", "anticipates", "aims", "intends", "would", "could", "should", "will", "plans", "believes", "estimates", "targets", "projects", "forecasts", "seeks" and similar words and expressions. Such statements include, but are not

limited to, any forward-looking statements relating to: our plans and strategies for our business; projections of future financial or operational performance; the scope and timing of ongoing and future product development work and commercialization of our products; the timing and completeness of any regulatory submissions or milestones and possible

regulatory approval of any of our products (including **Re-Tain**®) and any other statements that are not historical facts. These statements are intended to provide management's current expectation of future events as of the date of this Press Release, are based on management's estimates, projections, beliefs and assumptions as of the date hereof; and are not guarantees of future performance. Such statements involve known and unknown risks and uncertainties that may cause the Company's actual results, financial or operational performance or achievements to be materially different from those expressed or implied by these forward-looking statements, including, but not limited to, those risks and uncertainties detailed from time to time in filings we make with the Securities and Exchange Commission (SEC), including our Quarterly Reports on Form 10-Q, our Annual Reports on Form 10-K and our Current Reports on Form 8-K. In addition, there can be no assurance that future risks, uncertainties or developments affecting us will be those that we anticipate. We undertake no obligation to update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
