

InfuSystem Receives Notice from NYSE American Regarding Late Filing of Annual Report on Form 10-K

ROCHESTER HILLS, Mich. – InfuSystem Holdings, Inc. (NYSE American: INFU) (“InfuSystem” or the “Company”), a leading national health care service provider, facilitating outpatient care for durable medical equipment manufacturers and health care providers, announced today that the Company has received notice from the NYSE Regulation (the “Notice”) stating that the Company is not in compliance with the continued listing standards of the NYSE American LLC (the “Exchange”) under the timely filing criteria included in Section 1007 of the NYSE American Company Guide (the “Company Guide”) because the Company failed to timely file its Annual Report on Form 10-K for the year ended December 31, 2023 (the “Delinquent Report”), which was due to be filed with the Securities and Exchange Commission (the “SEC”) no later than April 1, 2024 (the “Filing Delinquency”).

The Company has been unable to file the Delinquent Report because, as previously disclosed in the Notification of Late Filing on Form 12b-25 filed by the Company with the SEC on March 14, 2024, the Company requires additional time to complete its procedures to evaluate potential errors related to (i) the classification of certain expenses included in general and administrative costs that should have been included in cost of sales, and (ii) the adoption and ongoing application of Accounting Standards Update No. 2016-02, Leases (Topic 842), referred to as ASC 842.

In accordance with Section 1007 of the Company Guide, the Company will have six months from the date of the Filing Delinquency (the “Initial Cure Period”), to file the Delinquent Report with the SEC. The Exchange will monitor the Company and the status of the Delinquent Report and any subsequent delayed filings, including through contact with the Company, until the Filing Delinquency is cured. If the Company fails to file the Delinquent Report during the Initial Cure Period, the Exchange may, in its sole discretion, grant an up to six-month additional cure period (the “Additional Cure Period”). The Company can regain compliance with the Exchange’s continued listing standards at any time during the Initial Cure Period or Additional Cure Period, as applicable, by filing the Delinquent Report and any subsequent delayed filings with the SEC. If the Exchange determines that an Additional Cure Period is not appropriate, suspension and delisting procedures will commence in accordance with the procedures set out in Section 1010 of the Company Guide. If the Exchange determines that an Additional Cure Period is appropriate and the Company fails to file the Delinquent Report and any subsequent delayed filings by the end of that period, suspension and delisting procedures will generally commence.

Notwithstanding the foregoing, however, the Exchange may, in its sole discretion, decide (i) not to afford the Company any Initial Cure Period or Additional Cure Period, as the case may be, at all or (ii) at any time during the Initial Cure Period or Additional Cure Period, to truncate

the Initial Cure Period or Additional Cure Period, as the case may be, and immediately commence suspension and delisting procedures if the Company is subject to delisting pursuant to any other provision of the Company Guide, including if the Exchange believes, in its sole discretion, that continued listing and trading of the Company's securities on the Exchange is inadvisable or unwarranted in accordance with Sections 1001 through 1006 thereof.

The Company intends to regain compliance with the Exchange's continued listing standards. There can be no assurance that the Company will ultimately regain compliance with all applicable Exchange listing standards.
