

Intelligent Protection Management Corp. Achieves SOC 2 Type 1 Compliance

Reinforcing Commitment to Data Security and Operational Excellence

JERICHO, NEW YORK / ACCESS Newswire / January 14, 2026 / Intelligent Protection Management Corp. (“IPM,” “we,” “us,” “our” or the “Company”) (NASDAQ:IPM), a managed technology solutions provider focused on enterprise cybersecurity and cloud infrastructure, today announced that it has successfully achieved SOC 2 Type 1 compliance, a key milestone in its ongoing commitment to safeguarding customer data and delivering trusted cybersecurity and cloud infrastructure solutions. This attestation, conducted under the American Institute of Certified Public Accountants (AICPA) standards for a report on controls at a service organization relevant to security, availability, processing integrity, confidentiality or privacy (“SSAE 18 SOC 2”), validates IPM’s rigorous controls and enterprise-grade security practices.

The audit was performed by Prescient Assurance LLC (“Prescient Assurance”), a leading provider of security and compliance attestation services for SaaS and B2B organizations worldwide. Prescient Assurance issued an unqualified opinion on the SOC 2 Type 1 report, which demonstrates that IPM meets high standards for security and compliance as evaluated in the report, giving customers confidence that IPM’s data is managed with integrity and resilience.

“Achieving SOC 2 Type 1 compliance underscores our unwavering commitment to protecting client data and maintaining trust,” said Adam Zalko, Chief Operating Officer of IPM. “As businesses face increasingly complex security challenges, IPM continues to invest in best-in-class practices to ensure our customers’ environments remain secure and compliant.”

SOC 2 Type 1 compliance is widely recognized as a benchmark for data security and operational excellence. This achievement positions IPM to better serve enterprises seeking robust protection against evolving cyber threats.
