About INVO Bioscience

INVO Bioscience, Inc. (OTCQB: INVO) (“INVO”) is an innovative medical device company developing solutions for the global infertility industry. INVO’s goal is to increase access to care and expand fertility treatment across the globe while seeking to lower the cost and increase the availability of care. INVO’s lead commercial product, the INVOcell, is a patented Assisted Reproductive Technology (ART) used in the treatment of infertility. The INVOcell device and procedure is unique as the first Intravaginal Culture (IVC) system in the world used for the natural *in vivo* incubation of eggs and sperm during fertilization and early embryo development. As an alternative to traditional *in Vitro* Fertilization (IVF), the revolutionary *in vivo* method of vaginal incubation offers patients a more natural and intimate experience. INVO Bioscience is headquartered in Sarasota, FL. For more information, please visit <http://invobioscience.com/>.
