

INVO Fertility to Participate in the Lytham Partners Fall 2025 Investor Conference on September 30, 2025

SARASOTA, Fla., Sept. 29, 2025 (GLOBE NEWSWIRE) — INVO Fertility, Inc. (Nasdaq: IVF) (“INVO Fertility” or the “Company”), a healthcare fertility company focused on expanding access to advanced treatment through the establishment, acquisition and operation of fertility clinics and related businesses and technologies, today announced that it will participate in a webcast presentation and host one-on-one meetings with investors at the Lytham Partners Fall 2025 Investor Conference, taking place virtually on Tuesday, September 30, 2025.

Company Webcast

The webcast presentation will take place at 5:00 p.m. ET on Tuesday, September 30, 2025. The webcast can be accessed by visiting the conference home page at <https://lythampartners.com/fall2025/> or directly at <https://app.webinar.net/arwq56W8612>. The webcast will also be available for replay following the event.

1×1 Meetings

Management will be participating in virtual one-on-one meetings throughout the event. To arrange a meeting with management, please contact Lytham Partners at 1x1@lythampartners.com or register for the event at <https://lythampartners.com/fall2025invreg/>.

About INVO Fertility

We are a healthcare services fertility company dedicated to expanding access to assisted reproductive technology (“ART”) care to patients in need. Our principal commercial strategy is focused on building, acquiring, and operating fertility clinics, including “INVO Centers” dedicated primarily to offering the intravaginal culture (“IVC”) procedure enabled by our INVOcell® medical device (“INVOcell”) and US-based, profitable in vitro fertilization (“IVF”) clinics. We have two operational INVO Centers in the United States and one IVF clinic. We also continue to engage in the sale and distribution of INVOcell to third-party owned and operated fertility clinics. INVOcell is a proprietary and revolutionary medical device, and the first to allow fertilization and early embryo development to take place *in vivo* within the woman’s body. The IVC procedure provides patients with a more connected, intimate, and affordable experience in comparison to other ART treatments. We believe the IVC procedure can deliver comparable results at a fraction of the cost of traditional IVF and is a significantly more effective treatment than intrauterine insemination. For more information, please visit invofertility.com.

Safe Harbor Statement

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The Company invokes the protections of the Private Securities Litigation Reform Act of 1995. All statements regarding our expected future financial position, results of operations, cash flows, financing plans, business strategies, products and services, competitive positions, growth opportunities, plans and objectives of management for future operations, as well as statements that include words such as “anticipate,” “if,” “believe,” “plan,” “estimate,” “expect,” “intend,” “may,” “could,” “should,” “will,” and other similar expressions are forward-looking statements. All forward-looking statements involve risks, uncertainties, and contingencies, many of which are beyond our control, which may cause actual results, performance, or achievements to differ materially from anticipated results, performance, or achievements. Factors that may cause actual results to differ materially from those in the forward-looking statements include those set forth in our filings at www.sec.gov. We are under no obligation to (and expressly disclaim any such obligation to) update or alter our forward-looking statements, whether as a result of new information, future events, or otherwise.
