

## **LiqTech Receives A \$440,000 DPF Order From A Chinese Customer**

BALLERUP, Denmark, Feb. 22, 2018 — **LiqTech International, Inc.** (NYSE AMERICAN: LIQT) ("**LiqTech**") is pleased to announce that the Company has received a \$440,000 order for the Company's Diesel Particulate Filters (DPF) from a Chinese customer. The order is expected to be delivered in the second quarter of 2018.

Mr. Sune Mathiesen, LiqTech CEO, remarked, "We are pleased to receive this new order from a Chinese customer. We have worked with manufacturer's exhaust systems to approve our product to new higher emission standards that are being implemented in China now, and this order is a result of a long cooperation with one of our Chinese partners. China is taking a leading role in reducing air pollution, and we believe this opens new opportunities for our well-proven DPF technology."

### **ABOUT LIQTECH INTERNATIONAL, INC.**

LiqTech International, Inc., a Nevada corporation, is a clean technology company that for more than a decade has developed and provided state-of-the-art technologies for gas and liquid purification using ceramic silicon carbide filters, particularly highly specialized filters for the control of soot exhaust particles from diesel engines and for liquid filtration. Using nanotechnology, LiqTech develops products using proprietary silicon carbide technology. LiqTech's products are based on unique silicon carbide membranes which facilitate new applications and improve existing technologies. In particular, Provital Solutions A/S ([www.provital.dk](http://www.provital.dk)), the Company's subsidiary, has developed a new standard of water filtration technology to meet the ever-increasing demand for higher water quality. By incorporating LiqTech's SiC liquid membrane technology with its longstanding systems design experience and capabilities it offers solutions to the most difficult water pollution problem.
