

## **Mogo Files Mixed Shelf Prospectus Ahead of Expiry of Existing Shelf Prospectus**

VANCOUVER, British Columbia –

Mogo Inc. (NASDAQ:MOGO) (TSX:MOGO) (“Mogo” or the “Company”), a digital payments and financial technology company, today announced that it has filed a preliminary short form base shelf prospectus (the “Shelf Prospectus”) with the securities commissions in each of the provinces of Canada, except Quebec, and a corresponding shelf registration statement on Form F-10 (“Registration Statement”) with the United States Securities and Exchange Commission (“SEC”) under the U.S.-Canada Multijurisdictional Disclosure System (“MJDS”). The final short form base shelf prospectus will be filed prior to expiry of the existing shelf prospectus, which was filed on December 5, 2019.

The Prospectus, when made final and effective, will enable Mogo to make offerings of common shares, preferred shares, debt securities, warrants to purchase common shares, preferred shares or debt securities, or any combination thereof (collectively, the “Securities”) of up to an aggregate offering price of US\$500 million at any time during the 25-month period that the Prospectus remains effective.

The Registration Statement has been filed with the SEC, but is not yet effective. Securities may not be sold nor may offers to buy be accepted prior to the time the Registration Statement becomes effective. Copies of the Prospectus and the Registration Statement are available at [www.sedar.com](http://www.sedar.com) and [www.sec.gov](http://www.sec.gov), respectively.

This press release does not constitute an offer to sell or the solicitation of an offer to buy securities, nor will there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction.

If any securities are offered under the Prospectus and Registration Statement, the terms of any such securities and the intended use of the net proceeds resulting from such offering would be established at the time of any offering, and would be described in a prospectus supplement filed with the applicable Canadian securities commissions and with the SEC at the time of such an offering.
