

## **Reliq Health Technologies, Inc. Announces Expansion of Contract with a Large US Healthcare Group to add over 30,000 New Patients to iUGO Care**

HAMILTON, Ontario, May 17, 2024 — **Reliq Health Technologies Inc. (TSXV:RHT or OTC:RQHTF or WKN:A2AJTB)** (“**Reliq**” or the “**Company**”), a growing global healthcare technology company that develops innovative Virtual Care solutions for the multi-billion dollar Healthcare market, is pleased to announce that it has expanded a previously announced contract with a large US health group. The original contract involved Skilled Nursing Facilities (SNFs) in Florida, and the client has now chosen to expand its use of Reliq’s software and services into their facilities in Pennsylvania. The client operates a network of SNFs in FL, PA, IL and MI and has over 80,000 patients under contract. The expansion is expected to potentially add over 30,000 new patients to Reliq’s iUGO Care platform by the end of 2025 at an average revenue of \$65 per patient per month.

“We are very pleased that our client has asked to expand their deployments to include Pennsylvania, the fifth largest State in the US by population,” said Chris Shields, CEO at Reliq Health Technologies, Inc. “Our client is a large US health group that takes a proactive approach to patient care in order to improve health outcomes and reduce costs. The iUGO Care Remote Patient Monitoring, Chronic Care Management and Behavioral Health Integration solutions Reliq will be providing will enable effective preventative care, allowing our client to achieve their cost and quality of care objectives.”

### **Reliq Health**

Reliq Health Technologies is a rapidly growing global healthcare technology company that specializes in developing innovative Virtual Care solutions for the multi-billion dollar Healthcare market. Reliq’s powerful iUGO Care platform supports care coordination and community-based virtual healthcare. iUGO Care allows complex patients to receive high quality care at home, improving health outcomes, enhancing quality of life for patients and families and reducing the cost of care delivery. iUGO Care provides real-time access to remote patient monitoring data, allowing for timely interventions by the care team to prevent costly hospital readmissions and ER visits.
