

## **Reliq Health Technologies, Inc. Announces New Contract with a Physician Practice in Florida to Provide iUGO Care to over 25 Skilled Nursing Facilities**

HAMILTON, Ontario, March 16, 2021 — **Reliq Health Technologies Inc. (TSXV:RHT or OTC:RQHTF or WKN:A2AJTB)** (“**Reliq**” or the “**Company**”), a rapidly growing global telemedicine company that develops innovative Virtual Care solutions for the multi-billion dollar Healthcare market, today announced that it has signed a new contract with a physician practice in Florida that provides clinical services to over 25 Skilled Nursing Facilities across the State.

“We are very excited to be able to start onboarding new patients in Florida next month as the State begins to recover from the devastating effects of the global pandemic,” said Dr. Lisa Crossley, CEO of Reliq Health Technologies, Inc. “Thanks to the State’s progress in rolling out the coronavirus vaccine to frontline health care workers and patients over the age of 70, healthcare organizations in Florida will soon be able to shift their focus from acute care for critically ill COVID-19 patients to proactive care for the traditional super-users of the healthcare system – patients with complex chronic conditions like diabetes, hypertension, congestive heart failure, COPD and kidney disease. Using the iUGO Care platform will enable the physicians who work with Skilled Nursing Facilities (SNFs) to offer post-discharge care to patients, reducing readmissions that result in significant financial penalties for SNFs. iUGO Care’s highly scalable Transitional Care Management (TCM), Remote Patient Monitoring (RPM), Chronic Care Management (CCM) and Behavioral Health Integration (BHI) solutions create new revenue streams for SNFs and physician practices and improve patient health outcomes and quality of life. Together the 25 Skilled Nursing Facilities served by our client discharge over 5,000 eligible patients per year, and will generate revenues of approximately \$50 USD/patient/month.”

### **Reliq Health**

Reliq Health Technologies is a rapidly growing global telemedicine that specializes in developing innovative Virtual Care solutions for the multi-billion dollar Healthcare market. Reliq’s powerful iUGO Care platform supports care coordination and community-based virtual healthcare. iUGO Care allows complex patients to receive high quality care at home, improving health outcomes, enhancing quality of life for patients and families and reducing the cost of care delivery. iUGO Care provides real-time access to remote patient monitoring data, allowing for timely interventions by the care team to prevent costly hospital readmissions and ER visits. Reliq Health Technologies trades on the TSX Venture under the symbol RHT, on the OTC as RQHTF and on the WKN as A2AJTB.
