

Reliq Health Technologies, Inc. Announces New Contract with MedTech Evolutions, LLC to Provide its iUGO Care Platform to over 27,000 patients in Alabama, Illinois, Mississippi and Tennessee

HAMILTON, Ontario, March 25, 2020 — **Reliq Health Technologies Inc. (TSXV:RHT or OTCQB:RQHTF)** (“**Reliq**” or the “**Company**”), a technology company that develops innovative mobile health (mHealth) and telemedicine solutions for Community-Based Healthcare, today announced that it has signed a contract with MedTech Evolutions, LLC (“MedTech”) in Kentucky, USA, to provide its iUGO Care platform to over 27,000 eligible Medicare patients in Alabama, Illinois, Mississippi and Tennessee.

“We are thrilled to be working with MedTech Evolutions to bring our iUGO Care platform to their clients,” said Dr. Lisa Crossley, CEO of Reliq Health Technologies, Inc. “MedTech’s clients provide care to over 27,000 chronic disease patients in Alabama, Illinois, Mississippi and Tennessee. We will be deploying our Remote Patient Monitoring (RPM), Care Chronic Care Management (CCM), Behavioral Health Integration (BHI) and Psychiatric Collaborative Care Services (CoCM) to these patients to help improve health outcomes and enhance access to care. The iUGO Care platform allows patients to receive high quality healthcare from the comfort of their own homes, reducing the risk of exposure to the novel coronavirus for these particularly vulnerable populations.”

Reliq will be providing its iUGO Care platform and associated support services to MedTech Evolutions’ clients. Onboarding is expected to begin in April. Each patient on the platform will generate approximately \$65 USD per month in SaaS and support services revenue.

“We chose to partner with Reliq Health to provide their iUGO Care platform to our clients because their solution is comprehensive, flexible and powerful,” said Brien Shea of MedTech Evolutions. “With the support services Reliq can offer to our clients through their Call Center and their cutting edge technology, they offer a solution that is secure, robust and fits the needs of our clients and strategic relationships for improved patient outcomes and experience.”
