1. FY2020 Annual Audited Financial Statements

The annual audited financial statements for FY2020 (year ending June 30, 2020) have been filed on SEDAR under the Company’s profile.

Highlights:

- Revenues increased by over 528% relative to FY2019.
- Net loss decreased by \$1.88 Million year over year relative to FY2019, due to the consolidation of operations to Hamilton, ON and to reduced travel and related expenses in Q4 FY2020 resulting from the global pandemic.
- Net loss per share decreased by 27% relative to FY2019 and 43% relative to FY2018.
- Signed contracts with multiple new clients across the United States and in Australia,

building a pipeline that includes over 500,000 new patients.

- In response to significant ongoing challenges in Florida and South Texas relating to the uncontrolled spread of COVID-19 and corresponding paralysis of the healthcare systems in these areas, in late Q4 FY2020 the Company refocused business development efforts to geographies where physician practices and home health agencies were still able to implement Reliq's products. The Company signed contracts with MaxLink MD in North Texas, Diversified Health Partners in Ohio, Oregon and Washington and digiiMED, LLC, in Puerto Rico, to provide its iUGO RPM, CCM, BHI, and PCM solutions to their over 250,000 patients. The Company also launched iUGO Well in Australia and signed a contract with the University of Notre Dame Australia to provide iUGO Well to their 12,000 faculty, staff and students. Onboarding in these areas began this Fall and is expected to rapidly accelerate in the coming quarters.

2. Upsizing of Private Placement

On October 27, 2020, the Company announced a non-brokered private placement of up to \$2 Million led by several of Reliq's key clients and strategic partners. The Company is pleased to announce today that due to high demand it has amended the terms of the private placement to increase the size of the offering to a maximum of 13,333,333 units (the "**Units**") at a price of \$0.225 per Unit, for gross proceeds of up to \$3 Million (the "**Upsized Offering**").

Each Unit will consist of one (1) common share and one-half (1/2) of a share purchase warrant (each whole warrant, a "**Warrant**"). Each Warrant will be exercisable for an additional share at a price of \$0.30 for a period of two (2) years from issuance. In the event that the common shares of the Company trade at a closing price of greater than \$0.50 per Share for ten (10) consecutive trading days, the Company may accelerate the expiry date of the Warrants to expire on the 30th day after the date on which such notice is given to the warrant holders.

The Company intends to use the net proceeds to support onboarding of new clients. All securities issued pursuant to the offering will be subject to a statutory hold period of four months plus a day from issuance in accordance with applicable securities laws. Closing of the Offering is subject to receipt of all necessary regulatory approvals.

3. Outlook for Calendar Year 2021

The Company expects to be cashflow positive in Q1 Calendar 2021 based on the current contracts.
