

Reliq Health Technologies, Inc. Signs Five New Contracts in Texas

HAMILTON, Ontario, Jan. 08, 2020 — **Reliq Health Technologies Inc. (TSXV:RHT or OTCQB:RQHTF)** (“**Reliq**” or the “**Company**”), a technology company focused on developing innovative mobile health (mHealth) and telemedicine solutions for Community-Based Healthcare, today announced that it has signed contracts with five new clients in Texas and expanded into Cameron county.

“We are very pleased to welcome five new clients in Dallas, Laredo and Cameron county, TX,” said Dr. Lisa Crossley, CEO of Reliq Health Technologies, Inc. “These new clients include physician practices using both our iUGO Care Chronic Care Management (CCM) and Remote Patient Monitoring (RPM) solutions for their Medicare patients. The new reimbursement policies CMS introduced in 2019 to allow physicians to bill for both CCM and RPM services for their chronic disease patients have allowed us to expand our client base to include healthcare organizations serving either or both Medicare and Medicaid patients. The clients also include home health agencies using RPM for their Medicaid patients, and an adult day care using our iUGO Home product for biometric monitoring and GPS tracking of patients. We have already started onboarding patients at these new sites.”

Reliq Health Technologies is a healthcare technology company that specializes in developing innovative software solutions for the Community Care market. Reliq’s powerful iUGO Care platform supports care coordination and community-based healthcare. iUGO Care allows complex patients to receive high quality care at home, improving health outcomes, enhancing quality of life for patients and families and reducing the cost of care delivery. iUGO Care provides real-time access to remote patient monitoring data, allowing for timely interventions by the care team to prevent costly hospital readmissions and ER visits. Reliq Health Technologies trades on the TSX Venture under the symbol RHT and on the OTCQB as RQHTF.
