

SenesTech Regains Compliance with NASDAQ Rules

FLAGSTAFF, Ariz., June 6, 2018 — **SenesTech, Inc.** (NASDAQ: SNES), a developer of proprietary technologies for managing animal pest populations through fertility control, today announced that it received a letter from the Listing Qualifications Department of The NASDAQ Capital Market notifying the Company that it has regained compliance with Nasdaq Listing Rule 5550(a)(2) as a result of maintaining the \$1.00 minimum closing bid price for the last ten consecutive business days, from May 21 to June 4, 2018.

On January 3, 2018, the Company received written notification from Nasdaq regarding its non-compliance with the minimum bid price requirements set forth in Nasdaq Listing Rule 5550(a)(2) and was afforded 180 calendar days to regain compliance with Nasdaq Listing Rule 5550(a)(2). As a result of SenesTech regaining compliance with the minimum bid price, Nasdaq has informed SenesTech this matter is now closed.

“This allows us to focus even more closely on commercial success, and continued efforts to increase shareholder value,” said Dr. Loretta P. Mayer, co-Founder and CEO of SenesTech.

About SenesTech

SenesTech is changing the paradigm of pest management by targeting the root cause of the problem: reproduction.

ContraPest[®] is an innovative technology that targets the reproductive capabilities of Norway and roof rats. As a highly palatable liquid, the formulation promotes sustained consumption, helping to reduce fertility in both male and female rats, bringing populations down and keeping them down. Our delivery system is designed to minimize handler exposure, and ContraPest is dispensed inside tamper resistant bait stations, minimizing the risks to non-target species.

As a versatile tool, ContraPest can be used within Integrated Pest Management (IPM) programs to help reduce reproduction and magnify the success of IPM protocols or as a standalone, non-lethal solution for customers that are looking to reduce or eliminate the use of lethal methodologies.

ContraPest is a Restricted Use Pesticide, due to applicator expertise. Please read and comply

with all label instructions. For more information visit the SenesTech website at www.senestech.com.
