

SenesTech to Present at the Emerging Growth Conference on April 3, 2024

Webcasted presentation to take place at 3:10pm ET

PHOENIX, April 2, 2024 — SenesTech, Inc. (NASDAQ: SNES), the leader in fertility control to manage animal pest populations, today announced that its Chief Executive Officer, Joel Fruendt, will be participating in the Emerging Growth Conference.

SENESTECH

Mr. Fruendt's presentation will be on Wednesday, April 3, 2024 at 3:10pm ET. A webcast link of the presentation can be found on the investor relations page of the Company's website or accessed [HERE](#).

During the event, Mr. Fruendt will update participants on commercial progress made since his last presentation to participants at the Emerging Growth Conference in March 2024. A replay of the previous presentation is available [HERE](#).

If attendees are not able to join the event live on the day of the Conference, an archived webcast will also be made available on www.EmergingGrowth.com and on the Emerging Growth YouTube Channel, <http://www.YouTube.com/EmergingGrowthConference>

Management will also host one-on-one investor meetings after the Conference. To request a virtual one-on-one meeting with the Company's management team, please contact your respective Emerging Growth Conference representative or email the Company's investor relations team at senestech@lythampartners.com.

About SenesTech

We are committed to improving the health of the world by humanely managing animal pest populations through fertility control. We are experts in fertility control to manage animal pest populations. We invented ContraPest, the only U.S. EPA-registered contraceptive for male and female rats, and Evolve, an EPA-designated minimum-risk contraceptive currently offered for rats. ContraPest and Evolve fit seamlessly into all integrated pest management programs, significantly improving the overall goal of effective pest management. We strive for clean cities, efficient businesses and happy households – with a product designed to be humane, effective and sustainable.
