

## **Shuttle Pharmaceuticals to Present at the 2024 ThinkEquity Conference on Wednesday, October 30, 2024**

GAITHERSBURG, Md., Oct. 28, 2024 — Shuttle Pharmaceuticals Holdings, Inc. (Nasdaq: SHPH), a discovery and development stage specialty pharmaceutical company focused on improving the outcomes of cancer patients treated with radiation therapy (“RT”), today announced that its Chief Executive Officer, Dr. Anatoly Dritschilo, will present at the ThinkEquity Conference on October 30, 2024 at 8:30 am ET. The Company will also host in person one-on-one meetings with investors.

The ThinkEquity Conference gathers institutional investors, corporate clients, and other industry professionals to highlight groundbreaking innovations and financial strategies.

Dr. Dritschilo’s presentation will include an update on the Company’s progress toward clinical and scientific milestones for its Phase 2 Clinical Trial of Ropidoxuridine for treatment of patients with glioblastoma, a deadly malignancy of the brain with no known cure. Additionally, he will provide an update on the Company’s plans for its subsidiary, Shuttle Diagnostics, Inc., to develop predictive biomarkers for prostate cancer outcomes following radiation therapy, and novel PSMA ligand for theranostic applications.

### **About Shuttle Pharmaceuticals**

Founded in 2012 by faculty members of the Georgetown University Medical Center, Shuttle Pharmaceuticals is a discovery and development stage specialty pharmaceutical company focused on improving the outcomes for cancer patients treated with radiation therapy (“RT”). Our mission is to improve the lives of cancer patients by developing therapies that are

designed to maximize the effectiveness of RT while limiting the side effects of radiation in cancer treatment. Although RT is a proven modality for treating cancers, by developing radiation sensitizers, we aim to increase cancer cure rates, prolong patient survival and improve quality of life when used as a primary treatment or in combination with surgery, chemotherapy and immunotherapy. For more information, please visit our website at [www.shuttlepharma.com](http://www.shuttlepharma.com).
