### **About Smart Sand:**

Smart Sand is a fully integrated frac and industrial sand supply and services company, offering complete mine to wellsite proppant and logistics solutions to our frac sand customers, and a broad offering of products for industrial sand customers. The Company produces low-cost, high quality Northern White sand, which is a premium sand used as a proppant to enhance hydrocarbon recovery rates in the hydraulic fracturing of oil and natural gas wells. The Company’s sand is also a high-quality product used in a variety of industrial applications, including glass, foundry, building products, filtration, geothermal, renewables,

ceramics, turf & landscaping, retail, recreation and more. The Company offers logistics solutions to its customers through in-basin transloading terminals and its SmartSystems™ wellsite storage and sand management capabilities. Smart Sand owns and operates premium sand mines and related processing facilities in Wisconsin and Illinois, which have access to four Class I rail lines, allowing the Company to deliver products substantially anywhere in the United States and Canada.
