

Smart Sand, Inc. Announces Timing of Third Quarter Earnings Release and Investor Conference Call

SPRING, Texas, Oct. 20, 2023 (GLOBE NEWSWIRE) — Smart Sand, Inc. (NASDAQ: SND) (“Smart Sand” or the “Company”) announced today that it will release its third quarter financial results after the market closes on Tuesday, November 7, 2023. The Company will hold a conference call for investors on Wednesday, November 8, 2023, at 10:00 a.m. Eastern Time to discuss recent events and the results. Chuck Young, the Company’s chief executive officer, Lee Beckelman, the Company’s chief financial officer, John Young, the Company’s chief operating officer, and Christopher Green, vice president of accounting and principal accounting officer will host the call.

Investors are invited to join the conference call by dialing (412)-317-0790 or 1-877-870-4263 and you requesting that the operator connect you to the Smart Sand call. Additionally, the call may also be streamed via webcast by following this link:

<https://app.webinar.net/WB7mo3Ab3NO>. The call can also be accessed via teleconference at: Q3 2023 Smart Sand Inc Earnings Conference Call. A replay will be available shortly after the call and can be accessed on the “Investors” section of the Company’s website.

About Smart Sand:

Smart Sand is a fully integrated frac and industrial sand supply and services company. The Company produces low-cost, high quality Northern White sand, which is a premium sand used as proppant used to enhance hydrocarbon recovery rates in the hydraulic fracturing of oil and natural gas wells and for a variety of industrial applications. Smart Sand also offers proppant logistics solutions to its customers through its in-basin transloading terminals and its SmartSystems™ wellsite storage capabilities. The Company markets its products and services to oil and natural gas exploration and production companies, oilfield service companies, and industrial manufacturers. The Company owns and operates premium Northern White sand mines and related processing facilities in Wisconsin and Illinois, which have direct access to four Class I rail lines, allowing it to deliver products substantially anywhere in the United States and Canada.
