

SOBRsafe and CEO David Gandini Featured on Nationally Syndicated Business Show

DENVER, CO / September 6, 2022 / SOBR Safe, Inc. (Nasdaq:SOBR) (SOBRsafe™ or the Company), providers of industry-leading alcohol detection solutions, today announced that the Company and CEO Dave Gandini have been featured on the nationally syndicated program The Big Biz Show. The Emmy Award-winning show was named by *TALKERS Magazine* as one of the “Top 10 Most Influential Financial Shows” in the country. You can view Dave’s interview [here](#).

As excerpted from the interview, host Bob “Sully” Sullivan states, “You think in terms of manufacturing businesses and other safety-sensitive businesses, alcohol abuse in the workplace is a huge problem that a lot of people have been concerned about. You look at the market for this and you think, why didn’t we start doing something about this 25 or 35 years ago?”

SOBRsafe’s advanced safety management technology SOBRcheck™ hygienically detects and instantaneously reports the presence of alcohol as emitted through the pores of a fingertip – no breath, blood or urine sample is required, just the touch of a finger. SOBRcheck™ was recently awarded the *Occupational Health & Safety 2022* New Product of the Year – Safety Monitoring Devices.

The excerpt was edited for clarity.

About SOBRsafe™

The annual cost of alcohol abuse in the U.S. is **\$249 billion**. Nearly half of all industrial accidents with injuries are alcohol-related, and 1-in-10 U.S. commercial drivers test positive for alcohol (the highest rate worldwide). In response, SOBRsafe™ has developed a proprietary, touch-based identity verification, alcohol detection and cloud-based reporting system. The technology is transferable across innumerable form factors, including stationary access control, personal wearables and for telematics integration.

A preventative solution in historically reactive industries, it is being deployed for commercial fleets, workplaces and alcohol rehabilitation; other intended applications include probation management and young drivers. This patent-pending alcohol detection solution helps prevent an intoxicated worker from taking the factory floor or a driver from receiving the keys to a truck, bus or rideshare vehicle. An offender is immediately flagged, and an administrator is empowered to take the appropriate corrective actions. At SOBRsafe, we are **creating a culture of prevention**.
