

## **Syra Health continues to provide Competency Attainment Services to the Indiana Department of Child Services (DCS)**

*The company looks to provide similar services across multiple states*

CARMEL, Ind., Feb. 20, 2024 — Syra Health Corp. (NASDAQ: SYRA) (“Syra Health” or the “Company”), a healthcare technology company with a mission to improve healthcare by providing innovative services and technology solutions, announced today that the Company continues to receive cases from Indiana DCS for providing competency attainment services to youth charged with a delinquent act.

Syra Health provides state-approved competency attainment services based on trauma-informed care and cultural competency principles. Utilizing its licensed social workers and well-trained care coordinators, Syra Health meets these children and helps them understand the events that have occurred and ways they can help assist in their defense. Competency attainment services include psychological health services, medication management, and case management.

“We are proud to deliver these services in support of the Indiana Department of Child Services and the children they serve,” said Dr. Deepika Vuppalanchi, CEO, Syra Health. “We intend to provide these services in multiple states and are actively pursuing these opportunities.”

This contract which began December 31, 2022, remains in effect until December 31, 2024, with the opportunity for up to six years of renewals. Revenue generated from this contract is based on the number of cases Syra Health continues to receive from DCS.

### **ABOUT SYRA HEALTH**

Syra Health is a healthcare technology company addressing some of healthcare’s most significant challenges in areas such as behavioral and mental health, digital health, and population health, by providing innovative services and technology solutions. Syra Health’s

products and services are centered on prevention, improved access, and affordable care. Syra Health supplies its solutions to payers, providers, life sciences organizations, academic institutions, and the government.
