

## **Syra Health to Deliver Comprehensive Needs Assessment and Community Health Improvement Plan for Middlesex County, New Jersey**

CARMEL, Ind., May 7, 2024 — Syra Health Corp. (NASDAQ: SYRA) (“Syra Health” or the “Company”), a healthcare technology company with a mission to improve healthcare by providing innovative services and technology solutions, announced today that it has been awarded a contract to conduct a comprehensive needs assessment for residents living in Middlesex County, New Jersey, and to develop a Community Health Improvement Plan in support of those residents.

Syra Health will conduct the comprehensive needs assessment by collecting data from national, state, and local data sources as well as customer surveys and external community focus groups. The comprehensive needs assessment will help the County determine spending on health, behavioral health, and community services needs of all Middlesex residents. The Community Health Improvement Plan will outline priorities for improving health outcomes within the County and provide an approach to addressing public health concerns raised by the community health assessment.

“We are honored to collaborate with a variety of local stakeholders and to leverage our epidemiological and data analytics expertise to support this community’s health improvement journey,” said Dr. Srikant Devaraj, Vice President of Data Analytics and Population Health Business Unit Leader, Syra Health.

The project aligns with Syra Health’s goal to deliver innovative healthcare technology solutions, supporting communities in their efforts to improve health.

“Community assessments are in high demand across multiple local and state governments, and we anticipate replicating similar projects,” said Dr. Deepika Vuppalanchi, CEO, Syra Health.
